

# THANKSGIVING 2018!

## WHOLE PEACH WOOD SMOKED TURKEYS AND YOUR FAVORITE SIDES

Maple Block Meat Co. is proud to offer our 100% wood-smoked Thanksgiving turkeys for this holiday season. These unique, all-natural, free-range, antibiotic-free (ABF) turkeys are shipped to us fresh -- we take care of the rest. The end result is a beautiful, perfectly cooked turkey, ready for your holiday table.

Raised on farms in California, these birds come from a cross of heritage turkeys bred so they are broad-breasted and yield the moistest and most flavorful turkey you can imagine. All turkeys are allowed to roam free and are fed a 100% vegetarian diet. Throughout their life span in the hatchery, these turkeys are raised humanely, and are never administered antibiotics, steroids or growth stimulants of any kind.

## ORDER BY FRIDAY, NOVEMBER 16

### ORDERS CAN BE PLACED
