

THANKSGIVING 2026

WHOLE PEACH WOOD SMOKED TURKEYS AND YOUR FAVORITE SIDES

Maple Block Meat Co. is proud to offer our 100% peach wood-smoked Thanksgiving turkeys for this holiday season. These unique, all-natural, free-range, antibiotic-free (ABF) turkeys are shipped to us fresh -- we take care of the rest. The end result is a beautiful, perfectly cooked turkey, ready for your holiday table.

Raised on farms in California, these birds come from a cross of heritage turkeys bred so they are broad-breasted and yield the moistest and most flavorful turkey you can imagine. All turkeys are allowed to roam free and are fed a 100% vegetarian diet. Throughout their life span in the hatchery, these turkeys are raised humanely, and are never administered antibiotics, steroids or growth stimulants of any kind.

ORDER BY FRIDAY, NOVEMBER 20
